

for taking us on
a
adventure!

Thank
you

Thank you.

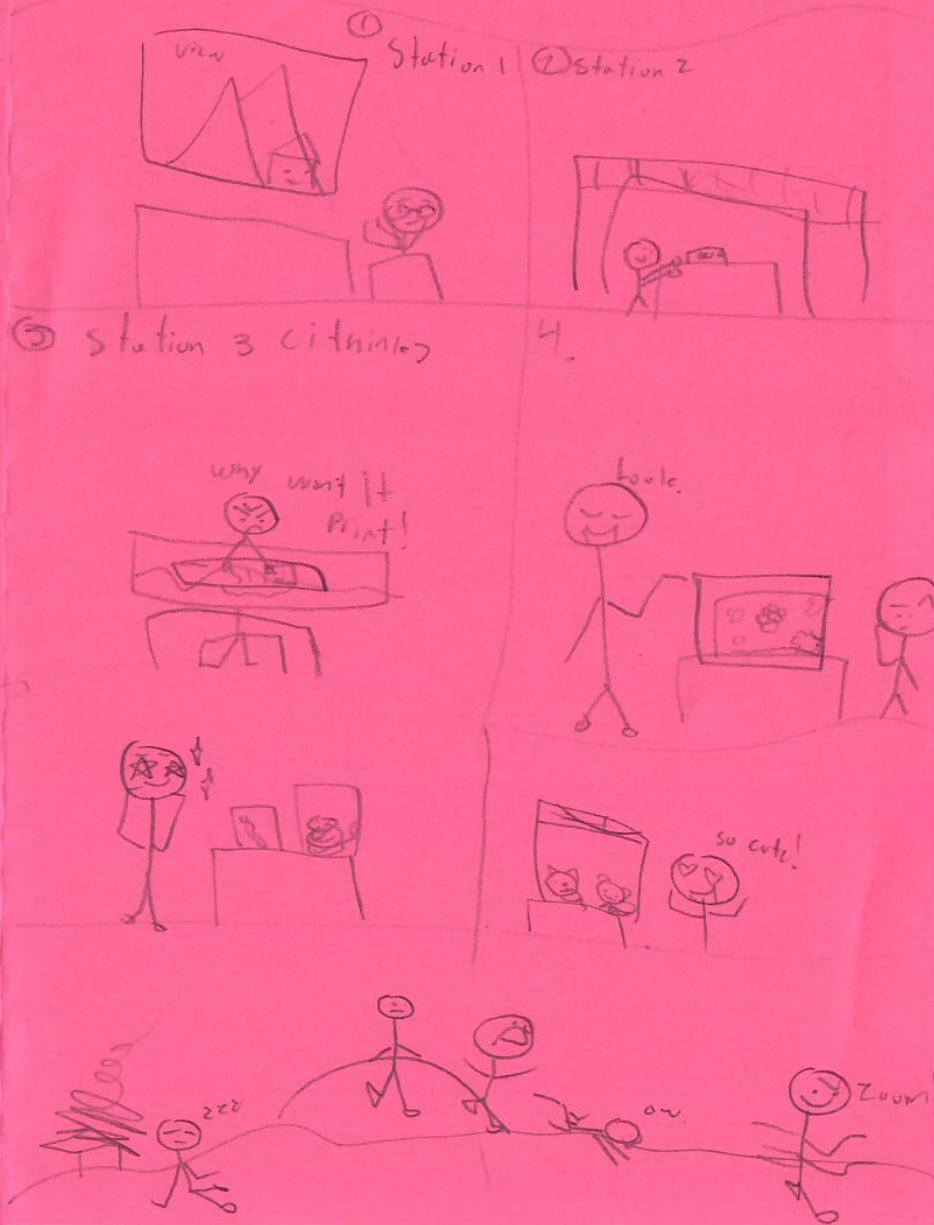

Dear, Ms. Ackomen

Thank you for letting me and my group
(Red group) learn to make desert colors with just
using red, blue, yellow, black and white with only
those colors! I never knew I could do that with
just basic colors. I had lots of fun doing this
Station. I wish I could go to Camp Cooper again
just to do it!

From, Jennifer!

All the stations I did!

Thank you so much Mrs. Ackerman for Planning the trip and doing the camouflage and mimicry Station. It was very fun and interesting I really liked it!

from: Lucas

Thank You! Everybody

I was so happy and impressed for all of your hard work to make this field trip one of the best field trips in my opinion

Dear Mrs. Ackerman,
 Thank you so much for planning
 the field trip and for the
 camouflage & Mimickry! We
 all loved it! ❤️ You are the
 Spirit of Sunrise. ☀️ The field
 trip was AWESOME! Thank
 you for this opportunity. ❤️

Yours Truly, Bella Han

Dear Mrs. Ackerman,
 Thank you for organizing
 this whole trip, me and
 my group had a lot of fun!
 My favorite thing you taught
 me was to match the different
 plant colors using different
 ones! - Sincerely Michaela

Dear Mrs. Ackerman,
 Thank you for spending some
 time or a lot just to plan the
 field trip. I loved the trip
 especially the reptiles. I love
 snakes and when we got to pet one
 I just... I don't know it was
 the coolest. My second favorite
 was the skulls and when we
 got the sand and made prints of
 the feet, I used my hand 
 for one of the prints!

Dear Mrs. Ackerman,

Thank you for giving this knowledge of the Desert so we can blend into the Desert! It made me happy and there were staff that were kind! I will always remember the hiking, boat, touching and acknowledging snakes, and observing bones! My favorite station was the mirky station.

Thank you,

Aaliya

Dear Mrs. Ackerman

Thank you for putting your time and effort into this field trip. I will always remember this time with my friends and all the things I learned. I learned so many things. For example the desert and its animals. I would never have learned things without this field trip. I had a wonderful time I hope you had a wonderful time too. My favorite part was the whole field trip. It was the best field trip ever! Thank you.*

I loved to see the skulls it was
so cool and awesome I always wanted
to see a skull and I want to have
a collection of the but I don't but one day
I will be like you.

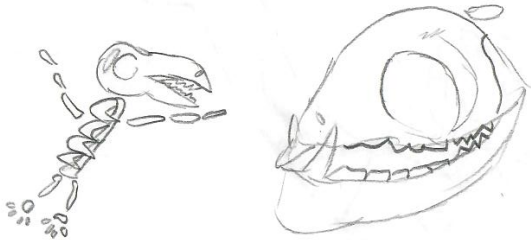

Thank you so much for
teaching us about scats and
skulls! I loved how you
explained who's scat it is. You
are so kind, respectful, respons-
ible, and safe! Thanks so much!
I hope I can see you soon!

Yours Truly, Bella Han

thank
you

Summer!

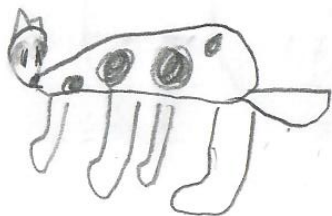

thanks for showing the
skulls that i've never seen
before thaaaaannnnkkk
yooooooooooooo!

Dear Gale, Thank you for teaching
us about binocular vision! I found
it interesting and fun!

Thank you!

From, Leland

Dear gale,
Thank you for teaching
about bobcats! It was
really fun!

Sincerely, Finn

Thank you for teaching us about the Desert. My favorite
part was when we learned about margin and her kittens.

Dear Ms Ackerman,

Thank you for planning
the field trip to Camp Cooper.

My favorite part was that
I got to make animal footprints
on kinetic sand. Also, I got to
touch a snake that Patrick was
holding. I also liked the hike.
Today was a great day!

Sincerely,
Sanchit
